Housing, Shelter Home Improvement/Repairs

CEO/Executive Director: Ms Karen Clay

Board Chair: Mr. Michael Potter Jones Lang LaSalle Americas, Inc.

Mission Statement: Working with skilled labor, volunteer teams and the community, Rebuilding Together Boston provides repair and renovation services for the homes of low-income Boston homeowners and non-profit-owned facilities. We do this at no cost to our recipients. We serve economically disadvantaged Boston residents including veterans, the elderly, the physically challenged, families with children and others in need. Our services also enable the City's non-profits to continue to deliver their much-needed community services.

Needs Statement: (1) diversify our funding stream to serve as many homeowners as possible on our waiting list for services (most have waited over a year as number we can serve each year is dependent on funding since we do not charge our recipients); (2) Board diversity; (3) support for communications-related needs; (4) increased low cost office space; (6) administrative help

Impact Statement: Accomplishments: (1) Involved some hundreds skilled and unskilled volunteers each year in our programs to give back to the community; (2) Provided over thousands of dollars in work value of services to low-income homeowners and Boston's non-profits -- improving the quality of life for both individual homeowners and their families as well as those served by community organizations; (3) Selected by Boston Magazine in 2018 as their nonprofit partner; and, (4) Selected by our national organization as one of 12 affiliates (out of over 200) to participate in the "Communities of Promise" program to help take our organization to the next level as a non-profit.

Goals for coming year are to: (1) continue to help those in need in our city by seeking funding in order to serve recipients on our waiting list and the many new potential recipients who have applied; (2) continue developing partnerships with state, city, and community organizations to better leverage our services; (3) diversify the Board of Directors; (4) better engage young professionals in organization's work

Full-time Staff: 1

Volunteers: 800

(excludes part-time staff)

Programs Detailed on Profile
