Mission Statement: Working with skilled labor, volunteers and the community, Rebuilding Together Boston provides repair and renovation services for the homes of low-income Boston homeowners and non-profit-owned facilities. We do this at no cost to our recipients. We serve economically disadvantaged Boston residents including veterans, the elderly, the physically challenged, families with children and others in need. Our services also enable the City's non-profits to continue to deliver their much-needed community services.

Needs Statement: (1) funding to serve as many homeowners as possible on our waiting list for services (most have waited over a year as number we can serve each year is dependent on funding since we do not charge our recipients); (2) Board diversity; (3) support for communications-related needs; (4) donated or low cost office space; (5) donated or low cost warehouse space; (6) administrative help

Impact Statement: Accomplishments: (1) Involved some 800 skilled and unskilled volunteers in our programs to give back to the community; (2) Provided over \$150,000 in work value of services to low-income homeowners and Boston's non-profits -- improving the quality of life for both individual homeowners and their families as well as those served by community organizations; (3) Selected by the New England Patriots as an outstanding organization to honor as part of their "Celebrate Volunteerism" campaign to honor the legacy of Myra Kraft; and, (4) Selected by our national organization as one of 12 affiliates (out of over 200) to participate in the "Communities of Promise" program to help take our organization to the next level as a non-profit.

Goals for coming year are to: (1) continue to help those in need in our city by seeking funding in order to serve recipients on our waiting list and the many new potential recipients who have applied; (2) update the Strategic Plan and continue to carry out its goals and activities; (3) diversify the Board of Directors; (4) turn volunteers into donors (continue these efforts)
