Mission Statement: Science Club for Girls' vision is to catalyze a fully diverse and inclusive STEM community.

Our mission is to foster excitement, confidence and literacy in STEM for girls, particularly those from underrepresented communities, by providing free, experiential programs and by maximizing meaningful interactions with women mentors in science, technology, engineering & mathematics.

Needs Statement: Increase our capacity to expand Science Club programs, with a special focus on Boston, Lawrence and neighboring communities, vertically through existing sites, with new partners and/or additional days. Major staff investment include full time program managers in these cities, and a director of strategic partnerships. \$200,000

Deepen STEM experiences for middle school girls through additional project- and inquiry-based curricula, as well as program development to align with local and national competitions and/or state engineering and science fairs.
\$55,000

Increase financial stability by diversifying and expanding revenue streams through a full-time director of development and an expanded individual donor program
\$70,000

Develop an online training program for the expanding corps of mentor-scientists and volunteers, to complement in-person training and support, and allow for "just-in-time" training modules.
\$35,000

Conduct independent research to assess effectiveness of our program(s)
