

About the Adolescent Residential Program

Located on the North Shore of Boston, we are a 90-day therapeutic rehabilitation program for adolescents who struggle with substance use.

To make a referral, call the Youth Central Intake Department at The Institute for Health and Recovery: (617) 661-3991.

Prospective Client must have an axis I diagnosis of a substance use disorder.

About Lahey Health Behavioral Services

We provide a range of outpatient, inpatient and residential care, including mental health clinics; addiction treatment; family services; mobile crisis teams; psychiatric treatment and school-based programs for children and teens.

We serve communities in Greater Boston, the North Shore and the Merrimack Valley, Massachusetts.

Adolescent Residential Program

Adolescent Residential Program

A highly structured, therapeutically intensive residential program for adolescent boys with substance use issues.

Who we serve

We work with boys, 13-18 years old who live anywhere within the Commonwealth of Massachusetts.

Following each client's admission, we develop services for each individual boy and his family.

Our goal is to help boys to transition back into their homes and communities.

The program consists of a structured daily schedule and offers individual and group counseling, family counseling, educational support and tutoring.

Our program is aimed at developing and empowering clients by meeting individual and family needs and promoting healthy life styles.

Our Services

Individual, group and family therapy

Recreation & activities

Daily AA/NA meetings

Education & tutoring

Psychiatric services

Aftercare planning

How to Pay for our Services

We are funded primarily through the Department of Public Health's Bureau of Substance Abuse Services. Guardians are asked to provide a co-pay based on their level of income.

How can we help?
