People Making a Difference® (PMD) promotes informed and responsible volunteerism by engaging individuals in meaningful, hands-on work that meets real needs and by helping select businesses and charities develop their own successful volunteer programs.

- Since 1992, 8,740 people have volunteered for 1,216+ one-day PMD service projects, helping 140 charities in Greater Boston.
- PMD service projects bring people together to make a difference safely, productively, and enjoyably.
- PMD service projects produce tangible results through experienced volunteer management, contributed resources, and respect for and conservation of recipients' limited resources.
- PMD volunteers learn about the recipient charities and their clients as well as broader issues.

*Do Something Good
Learn Something New
Make New Friends*

One-Time Volunteer Opps

*"When you give of yourself, you receive more than you give."
Antoine de Saint-Expery*
