INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Raw Art Works, Inc.

We have audited the accompanying statement of financial position of Raw Art Works, Inc., (a Massachusetts corporation, not-for-profit) ("RAW") as of June 30, 2010 and the related statements of activities, cash flows and functional expenses for the year then ended. These financial statements are the responsibility of RAW's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from RAW's 2009 financial statements and, in our report dated December 17, 2009, we expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of RAW as of June 30, 2010 and the results of its activities and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of RAW taken as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

RAW reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. These classifications are related to the existence or absence of donor imposed restrictions as follows:

Unrestricted net assets represent the portion of RAW'S net assets that is neither permanently restricted nor temporarily restricted by donor-imposed stipulations. Contributions of goods to be used in program operations are reported as revenues and expenses of the unrestricted net asset class at the time the goods are received. Contributions of property and equipment without donor stipulations concerning the issue of such long-lived assets are reported as revenues of the unrestricted net asset class.

Temporarily restricted net assets represent contributions and revenues whose use by RAW is limited by donor-imposed stipulations that either expire with the passage of time or can be fulfilled and removed by actions of RAW pursuant to those stipulations. When material, contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risk involved. Amortization of discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. Contributions of cash or other assets to be used to acquire property and equipment with donor stipulations are reported as revenues of the temporarily restricted net asset class, and the restrictions are considered to be released at the time of acquisition of such long-lived assets.

Permanently restricted net assets represent contributions and other inflows of assets whose use by RAW is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled and removed by actions of RAW pursuant to those stipulations. No permanently restricted assets were held during 2010 and 2009 and accordingly, these statements do not reflect any activity related to this class of net assets.

Summarized Comparative Financial Statements

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information excludes sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the RAW 2009 financial statements, from which the summarized information was derived.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

Management's Review

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 29, 2010, the date the financial statements were available to be issued.

Cash and Cash Equivalents

RAW considers all liquid investments with a maturity of less than three months to be cash or cash equivalents. RAW maintains cash balances in various financial institutions and balances are federal-insured up to \$250,000 per institution. A portion of cash balances may exceed insured limits from time to time. RAW monitors the condition of the financial institutions in which it invests.

Accounts Receivable

Accounts receivable are carried at original invoice amount. Management determines collectability by regularly evaluating individual receivables and considering financial condition, credit history, and current economic conditions. Accounts receivables are written off when deemed uncollectible. Recoveries of accounts receivable previously written off are recorded when received. There were no accounts deemed uncollectible at June 30, 2010 and 2009.

Grants Receivable

Unconditional grants are recognized as revenues or gains in the period awarded and as assets, decreases of liabilities or expenses depending on the form of benefits received. Conditional grants are recognized only when the conditions on which they depend are substantially met and the grants become unconditional.

Property and Equipment

Property and equipment acquisitions in excess of \$3,000 are recorded at cost on the date of acquisition or fair value on date of donation. Expenditures for major renewals and improvements are capitalized, while expenditures for maintenance and repairs are expensed as incurred.

Depreciation

Depreciation is computed over estimated useful lives using the straight-line method. The estimated useful lives used in the computation of depreciation are as follows:

<u>Classification</u>	<u>Estimated Life</u>
Building and improvements	20-40 years
Equipment	5-7 years
Vehicles	3 years

Depreciation expense for the years ended June 30, 2010 and 2009 was \$49,168 and \$49,885, respectively.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

Impairment of Long-Lived Assets

RAW has given consideration to the Financial Accounting Standards Board ASC 360, *Accounting for the Impairment or Disposal of Long-Lived Assets* in its presentation of these financial statements. As of June 30, 2010, RAW has not recognized any reduction in the carrying value of its property when considering FASB ASC 360.

Cash Restricted to Purchase of Property and Equipment

Restricted cash represents capital campaign fund contributions restricted for the purchase of long-lived assets, improvements and major repairs and maintenance.

Donated Goods and Services

Contributions of services are reported as revenues and expenses of the unrestricted net asset class at the fair value of the services received only if the services create or enhance a non-financial asset or would typically need to be purchased by RAW if they had not been provided by the individuals with those skills. Contributions of goods to be used in program operations are reported as revenues and expenses of the unrestricted net asset class at the time the goods are received.

Functional Expenses

RAW allocates its expenses on a functional basis among its various programs. Expenses that can be identified with a specific program are allocated directly according to their natural expense classification. Indirect expenses are allocated based upon estimates made by management.

Income Tax Status and Uncertainty of Income Taxes

RAW is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to its tax-exempt purpose is subject to taxation as unrelated business income. In addition, RAW qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

Management has evaluated its tax positions applying a “more likely than not” standard, and believes there are no material uncertainties in income taxes.

Compensated Absences

Employees are entitled to paid vacation, sick and personal days off depending on job classification, length of service and other factors.
