INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
West African Research Association, Inc.
Boston, Massachusetts

Report on the Financial Statements

We have audited the accompanying financial statements of the West African Research Association, Inc. (WARA, a nonprofit organization), which comprise the statements of financial position as of September 30, 2014 and 2013, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

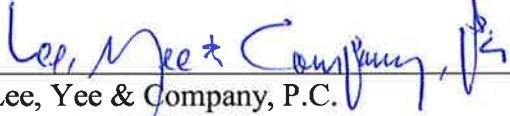

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the West African Research Association, Inc. as of September 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

WEST AFRICAN RESEARCH ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2014 and 2013

NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The West African Research Association Inc. (WARA) was founded in 1989 to enhance collaborative research and scholarly exchange between U.S. and West African scholars, educators, and institutions and to increase knowledge about and interest in Africa in the U.S. Its stated objectives are to:

- Provide U.S. and West African scholar's access to research resources and expand research opportunities.
- Create a point of contact for U.S. and West African researchers allowing the intersection of their respective research traditions.
- Foster collaborative research efforts, conferences and projects.
- Reinforce institutions on both sides of the Atlantic.
- Supplement documentation resources.
- Award fellowships to U.S. and West African scholars.
- Encourage interest in international affairs and careers among U.S. graduate students.
- Disseminate information on West Africa-related research issues and periodically organize meaningful and landmark seminars, symposia and conferences where experts and researchers and creative artists and thinkers from different horizons and backgrounds can meet and fruitfully exchange ideas, preoccupations, research results and stimulating thinking.

WARA is a qualified tax-exempt organization under Internal Revenue Code Section 501 (c) (3). Through its by-laws, WARA has established a Board of Directors composed of representatives elected by the general membership. There are thirteen board members, representing a range of institutions and disciplines. Each serves for a term of three years, with three members rotating off each year. The board's role is to assure that the WARA mandate is fulfilled. The directors then elect officers who, in close cooperation with the U.S. and overseas directors, are charged with the coordination and execution of programs taking place in the U.S. and in West Africa. WARA has an overseas office, West African Research Center (WARC) located in Dakar, Senegal.

Basis of Accounting

The financial statements of WARA have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

WEST AFRICAN RESEARCH ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2014 and 2013

NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board - Accounting Standards Codification #958, formerly known as SFAS No. 117, "Financial Statements of Not-for-Profit Organizations", is required to report information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition

Grants and other contributions received are recorded as temporarily restricted support, depending on the existence and/or nature of any donor restrictions. When donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, or objectives of each grant are met or costs are incurred, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restriction.

Federal Income Taxes

WARA is exempt from Federal income taxes under Internal Revenue Code Section 501(c) (3) of the code. The organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(b)(1)(a)(vi). Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

WARA evaluates tax positions taken or expected to be taken in its tax returns to determine whether the tax positions are more-likely-than not of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold, along with accrued interest and penalty thereon would be recorded as an expense in the current year financial statements. At September 30, 2014 and 2013, the organization believes that it has no uncertain tax positions within any of its open tax years.

WEST AFRICAN RESEARCH ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2014 and 2013

NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Cash and Cash Equivalents

WARA considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. The organization maintains its balance in banks located in Massachusetts. Cash and deposit balances maintained with the banks did not exceed federally insured limits during the year. Management believes they are not exposed to any significant credit risk on cash in such bank deposit accounts.

Grants Receivable

Grants receivable is considered by management to be fully collectible and accordingly no allowance for doubtful accounts is considered necessary.

Property and Equipment

All acquisitions of property in excess of \$500 and all expenditure for repairs, maintenance, renewals and betterment that naturally prolong the useful lives of assets are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method.

Grant Advances

Grant revenue is recognized when earned, however funds received that are not earned as of year-end are recorded as a liability under grant advances.

Restricted and Unrestricted Revenue:

Contributions of cash and other assets, as well as grants, are accounted for in accordance with ASC No. 958, Accounting for *Contributions Received and Contributions Made*. In accordance with ASC No. 958, contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence or nature of any donor restrictions.

All donor-restricted contributions and grants are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

WEST AFRICAN RESEARCH ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2014 and 2013

NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES **(Continued)**

Fair Value Measurements

WARA follows the accounting standards pertaining to Fair Value Measurements for qualifying assets and liabilities. The standards define fair value, establish a framework for measuring fair value under U.S. GAAP and expand disclosures about fair value measurements. The standards establish a fair value hierarchy that prioritizes the inputs and assumptions used to measure fair value.

The three levels of the fair value framework under the standards are as follows:

- Level I: Inputs that reflect unadjusted quoted prices in active markets for identical assets at the measurement date. WARA currently has no Level I assets or liabilities that are measured as fair value on a recurring basis.
- Level II: Inputs other than quoted prices that are observable for the assets either directly or indirectly including inputs in market that are not considered to be active. WARA currently has no Level II assets or liabilities that are measured as fair value on a recurring basis.
- Level III: Inputs that are unobservable. WARA currently has no Level III assets or liabilities that are measured as fair value on a recurring basis.

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The carrying amounts of WARA's financial instruments generally approximate their fair value at September 30, 2014 and 2013.

Program Services

West African Research Center – WARA's overseas office in Dakar, Senegal provides an institutional presence and stability to its programs and creates a point of contact for U.S. and West African researchers.

Facilitated Research – WARA receives and administers grants and contracts to support and promote scholarly research in West Africa and to foster cooperation between US-based and West African researchers, students and artists.

Donated Materials, Facilities or Services

WARA records in-kind contributions of materials and facilities at fair market value at the date of donation. Board members and institutional member representatives donate significant time to the organization. No amounts have been reflected in the financial statements for volunteered time since the services performed do not meet the requirements for recognition in the financial statements.

WEST AFRICAN RESEARCH ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2014 and 2013

NOTE B – ALLOCATION OF FUNCTIONAL EXPENSES

Expenses are charged to programs based on direct expenditures incurred. Any expenditure not directly chargeable is allocated to a program based on time allocation.

NOTE C – TEMPORARILY RESTRICTED NET ASSETS

Net assets are temporarily restricted on a grant by grant basis. Each individual grant has specific objectives. Once the objectives of each grant are met and cost incurred, the temporarily restricted net assets are released from donor restrictions and reclassified as unrestricted net assets.

NOTE D- RELATIONSHIP WITH BOSTON UNIVERSITY

Boston University provides the use of its facilities including the use of telephones, faxes, e-mailing, copying, etc. in the University's African Studies Center. They also provide the use of graduate students to assist in certain programs. The in-kind contributions have been recognized in the accompanying statement of activities as contributions and expenses at their estimated fair values. The estimated fair value of the in-kind contribution by Boston University approximates \$22,820 and \$27,170 at September 30, 2014 and 2013, respectively.

NOTE E – RELATIONSHIP WITH THE GOVERNMENT OF SENEGAL

WARA operates an overseas center located in Dakar, Senegal. The government of Senegal contributes the use of the facility where the center operates. WARC also benefits from a 40% reduction in internet line cost. The in-kind contributions have been recognized in the accompanying statement of activities as contributions and expenses at their estimated fair values. The estimated fair value of the in-kind contribution by the government of Senegal approximates \$56,400 and \$58,800 at September 30, 2014 and 2013.

NOTE F – RELATED PARTY TRANSACTION

On April 26, 2012 WARA advanced \$30,000 to WARC as a construction loan. The funds were used to build an extension to their current structure. The expansion will generate additional rent income for WARC. There is no formal repayment plan in place but WARC has agreed that all income generated from the rental of the expanded space will be used to repay the construction loan. On June 27, 2014 \$4,970 of the loan was repaid leaving a balance of \$25,030 and \$30,000 at September 30, 2014 and 2013.

WEST AFRICAN RESEARCH ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2014 and 2013

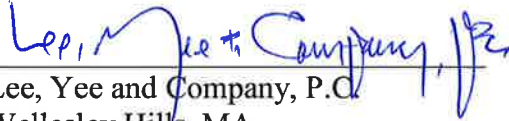

NOTE G – SUBSEQUENT EVENTS

WARA has performed an evaluation of subsequent events through December 29, 2014, which is the date the organization's financial statements were available to be issued. No material subsequent events have occurred since September 30, 2014 that requires recognition or disclosure in these financial statements.

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION

To the Board of Directors of
West African Research Association, Inc.

The accompanying supplementary information for the years ended September 30, 2014 and 2013 is presented only for analytical purposes and has been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements. All the information included in the schedules is the representation of the organization's management. We did not become aware of any material modifications that should be made to the supplementary information.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
West African Research Association, Inc.

We have audited the financial statements of the West African Research Association, Inc. (WARA) as of and for the years ended September 30, 2014 and 2013, and have issued our report thereon dated December 29, 2014. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audits, we considered WARA's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of WARA's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of WARA's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects WARA's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control.

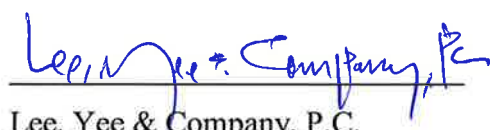

A significant deficiency is a deficiency, or a combination of deficiency, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether WARA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in blue ink that reads "Lee, Yee & Company, P.C." with a stylized flourish at the end.
