NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2013 AND 2012

Note 1 - Description of Organization

VSA Massachusetts, Inc. (formerly VSA arts of Massachusetts, Inc.) is a non-profit organization located in Boston, Massachusetts. The Organization was formed in 1980 and promotes the involvement of people of all abilities in the cultural life of our communities. The Organization develops multi-sensory, arts-integrated teaching strategies in schools, and sponsors exhibitions and performances by artists of all abilities.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net assets and support and revenues are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed restrictions.

Temporarily restricted net assets - Net assets subject to donor-imposed restrictions that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Restricted contributions whose restrictions are met in the same reporting period as received are shown as unrestricted contributions.

Property and Equipment

Property and equipment purchases with an acquisition cost of \$1,000 or more, with a useful life of more than one year, are capitalized and recorded at cost. Donated property and equipment are recorded at fair value. Depreciation is provided using the straight-line method over the estimated useful lives of the respective assets, which range from 5 to 7 years. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. Depreciation equaled \$7,630 and \$7,620 for the years ended September 30, 2013 and 2012, respectively.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(C)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in these financial statements.

Note 2 - Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all short-term investments with an original maturity of three months or less to be cash equivalents.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value

The Organization follows the *Fair Value Measurements and Disclosures* standards. These standards define fair value, establish a framework for measuring fair value under U. S. GAAP, and mandate disclosures about fair value measurements. This policy establishes a fair value hierarchy that prioritizes the inputs and assumptions used to measure fair value. The Organization values its qualifying assets and liabilities using Level I inputs. Level I inputs reflect unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date. A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement.

Contributions

Contributions, including unconditional promises to give, are recorded as made. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Accounts Receivable

Accounts receivable are considered by management to be fully collectible and, accordingly, no allowance for doubtful accounts is considered necessary.

Investments

Under accounting standards for non-profit organizations, investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statement of financial position. The unrealized gain or loss on these investments are reflected in the statement of activities.

Note 2 - Summary of Significant Accounting Policies (continued)

Contributed Facilities and Services

Contributed facilities represent the estimated fair rental value of office space provided. Contributed services are reflected in the financial statements at fair value of the services received. The contributions of services are recognized if the services received create or enhance non-financial assets or require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

Functional Allocation of Expenses

The costs of providing the Organization's programs and supporting services have been summarized on a functional basis in the statement of activities. Expenses related directly to a program are distributed to that program, while other expenses are allocated to programs based upon management's estimate of the percentage attributable to each function. Accordingly, certain costs have been allocated among the program services, management and general, and fundraising categories.

Advertising

The Organization expenses advertising costs as they are incurred.

Subsequent Events

The Organization has evaluated subsequent events through June 6, 2014 which is the date the financial statements were available to be issued.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Note 3 - Concentrations of Risk - Cash Balances

The Organization maintains its cash balances in various financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At September 30, 2013, the Organization's bank balances were fully insured.
