ACCOUNTANTS & CONSULTANTS

Independent Auditor's Report

Board of Directors
AccesSportAmerica, Inc.
Acton, Massachusetts

We have audited the accompanying financial statements of AccesSportAmerica, Inc. (a non-profit corporation), which comprise the statements of financial condition as of December 31, 2012 and 2011, and the related statements of income, changes in members' equity, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

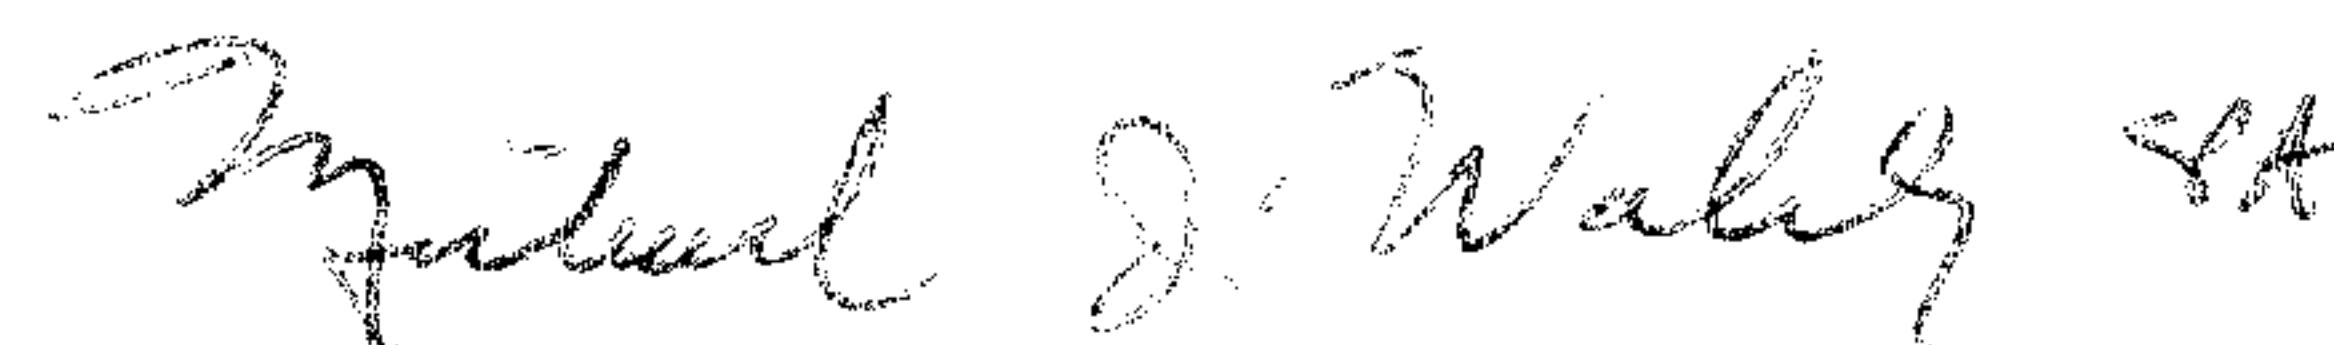

1.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AccesSportAmerica, Inc. as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

ACCESSPORTAMERICA, INC.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. SIGNIFICANT ACCOUNTING POLICIES

a. Nature of Activities

AccesSportAmerica, Inc., a Massachusetts Corporation, dedicated to inspiring higher function, fitness and well-being in children and adults living with disabilities through high-challenge sports and training.

b. Basis of Presentation

Financial statement presentation adopted the FASB Accounting Standards Codification (ASC) for financial statements of not-for-profit organizations. Under the ASC, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

c. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America includes the use of estimates that affect the financial statements. Accordingly, actual results could differ from those estimates.

d. Income Tax Status

The Organization qualifies as a tax-exempt organization under Section 501(c) (3) of the Internal Revenue Code and therefore, no provision for income taxes are reflected in the accompanying financial statements. The Organization's tax return, form 990, for the years ending 2009, 2010, 2011 and 2012 are subject to examination by the Internal Revenue Service, generally for three years after they are filed. The Organization has no unrelated business income.

e. Accounts and Contributions Receivable

Receivables are reported at the amount management expects to collect on balances outstanding at year-end. Management closely monitors outstanding balances and writes off as of year-end all balances that are uncollectable. Based on management's assessment of the credit history with clients and donors having outstanding balances and current relationships with them, it has concluded that realization losses on balances outstanding at year-end will be immaterial. All contributions are expected to be collected within one year.

f. Investments

The Organization has adopted the Accounting Standards Codifications (ASC) for certain investments held by not-for-profit organizations. Under the ASC, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

g. Property and Equipment

The Organization capitalized all expenditures for property and equipment in excess of \$500. Property and equipment are stated at original cost, or estimated fair market value if donated, plus the cost of capital improvements made on the assets. Depreciation is computed using primarily the straight-line method over the estimated useful life of the asset.

h. Compensated Absences

The Organization does not accrue compensated absences, as the amount cannot be reasonably estimated.

i. Revenue Recognition

Contributions received are recorded at fair market value as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Deferred revenues are amounts collected in advance. Income related to a subsequent year is deferred and recognized in the appropriate period.

j. Pension Plan

The Organization has a defined contribution pension plan. There was no employer contribution to the pension plan for the years ended December 31, 2012 and 2011, respectively.

k. Net Assets

Net assets are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted

Operating – Net assets that are not subject to donor-imposed stipulations.

Board Designated – Net assets that are not subject to donor-imposed stipulations, but have been set aside by the Board of Directors. There were no unrestricted Board Designated net assets at December 31, 2012.

Temporarily Restricted

Net assets that are subject to donor-imposed stipulations that may or will be met, either by actions of the Organization or by the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

Permanently Restricted – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Permanently restricted net assets at December 31, 2012 and 2011 amounted to \$119,676 and \$69,697, respectively.

2. FINANCIAL INSTRUMENTS

Concentrations of Credit Risk

Financial instruments that potentially subject the Organization to credit risk consist principally of cash, cash equivalents and investments.

The Organization maintains its cash in two financial institutions. The Federal Deposit Insurance Corporation (FDIC) insures balances up to \$250,000 and all non-interest bearing accounts at each financial institution. At certain times during the year, cash balances may exceed the insured amounts. Management monitors on a regular basis, the financial condition of the financial institutions, along with their balances, to keep this potential risk to a minimum. At December 31, 2012 and 2011, the Organization had no balances exceeding the FDIC insurance limit.

None of the investments are insured by a Federal government agency.

3. INVESTMENTS

Investments at December 31, 2012 and 2011 consist primarily of marketable securities with a cost of \$130,822 and \$125,206, respectively, and a fair market value of \$141,014 and \$125,266, respectively.

4. RELATED PARTY

The Organization rents office space and other sites as a tenant-at-will. Rent expense was \$20,297 and \$20,151 of which \$13,200 and \$13,200 was for the office space from a related party for the years ended December 31, 2012 and 2011, respectively. The cost of the rent was at market value.

The Organization pays equipment rental and storage expense. Equipment rental and storage expense was \$19,344 and \$18,600, all of which is paid to related party for the years ended December 31, 2012 and 2011, respectively. The cost of the rent was at market value.

5. ADVERTISING

The Organization uses advertising to promote its programs among the audiences it serves. Cost of advertising is expensed as incurred. Advertising expense was \$58,729 and \$32,852 for the years ended December 31, 2012 and 2011, respectively, of which \$42,000 and \$20,000 was donated for December 31, 2012 and 2011, respectively.

6. DONATED GOODS AND SERVICES

Donated goods and services are recognized as contributions in accordance with ASC for accounting for contributions received and contributions made, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. These goods and services are reflected in the accompanying financial statements based upon the estimated value assigned to them by the donating organizations. The value of these contributions for professional services was \$42,000 and \$47,644 for the years ended December 31, 2012 and 2011, respectively.

The Organization receives an amount of donated services from unpaid volunteers who assist in various activities, including governance of the Organization. No amounts have been recognized in the statements of activities because criteria for recognition have not been satisfied.

7. FUNCTIONAL EXPENSE ALLOCATION

The costs of providing various programs and other activities have been summarized on a functional basis in the Statements of Activities and in the Statements of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

8. RECLASSIFICATION

Certain items in the 2011 financial statements have been reclassified to conform to the current year presentation.

9. FAIR VALUES OF FINANCIAL INSTRUMENTS

The Organization reports under the Fair Value Measurements pronouncements of the FASB Accounting Standards Codification, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 – Inputs to the valuation include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs at the closing price reported on the active market on which the individual securities are traded.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodology used at December 31, 2012 and 2011.

Cash or cash equivalent including money market funds: Valued at acquisition cost.

Investments: Valued at quoted prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, with the fair value hierarchy, the Organization's assets at fair value.

Assets at fair value as of December 31:

	<u>2012</u> <u>Level 1</u>	<u>2011</u> <u>Level 1</u>
Cash and cash equivalents	\$ 436,713	\$ 359,038
Investments	<u>141,014</u>	<u>125,266</u>
	<u>\$ 577,727</u>	<u>\$ 484,304</u>

Valuation and Income Recognition

The Organization's cash and cash equivalents and investments as of December 31, 2012 are stated at fair value.

The Organization's investment return for the years ended December 31 consisted of the following:

	<u>Unrestricted</u>	<u>2012</u> <u>Permanently</u> <u>Restricted</u>	<u>Total</u>
Dividend income	\$ 2,433	\$ 2,673	\$ 5,106
Realized (loss) on sale of investments	(238)	(262)	(500)
Unrealized gain (loss)	<u>5,309</u>	<u>5,833</u>	<u>11,142</u>
Total investment return	<u>\$ 7,504</u>	<u>\$ 8,244</u>	<u>\$ 15,748</u>

AccesSportAmerica, Inc.
Notes to Financial Statements

	<u>Unrestricted</u>	<u>2011</u> <u>Permanently</u> <u>Restricted</u>	<u>Total</u>
Dividend income	\$ 2,371	\$ 2,973	\$ 5,344
Realized (loss) on sale of investments	(222)	(279)	(501)
Unrealized gain	<u>(2,241)</u>	<u>(2,924)</u>	<u>(5,165)</u>
Total investment return	<u>\$ (92)</u>	<u>\$ (230)</u>	<u>\$ (322)</u>

10. SUBSEQUENT EVENTS

Management have evaluated all subsequent events through August 8, 2013, the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.
