To the Board of Directors and Management of
The Celebrity Series of Boston, Inc.:

Report on the Financial Statements

We have audited the accompanying financial statements of The Celebrity Series of Boston, Inc. (a Massachusetts corporation, not for profit), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Celebrity Series of Boston, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

THE CELEBRITY SERIES OF BOSTON, INC.

Notes to Financial Statements
June 30, 2015 and 2014

1. OPERATIONS AND NONPROFIT STATUS

The Celebrity Series of Boston, Inc. (the Organization) is a nonprofit corporation founded in 1938 to present the world's best performing artists in Boston, Massachusetts. Its mission is to present world-class artists who inspire and enrich the community. It offers a wide range of education and community-based programming that seek to introduce young audiences and their families to live performance through in-school, after-school and community-based performances. The Organization's events and performances are primarily held in the Boston, Massachusetts area.

The Organization is exempt from Federal income taxes as an organization (not a private foundation) formed for charitable purposes under Section 501(c)(3) of the Internal Revenue Code (IRC). The Organization is also exempt from state income taxes. Donors may deduct contributions made to the Organization within the IRC requirements.

2. SIGNIFICANT ACCOUNTING POLICIES

The Organization prepares its financial statements in accordance with generally accepted accounting standards and principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Cash and Cash Equivalents

For the purpose of the statements of cash flows, management considers all highly liquid investments with initial maturities of three months or less to be cash equivalents, other than the money market portion of the Organization's investment account.

Cash and cash equivalents are maintained in two banks in Massachusetts and are insured within the limits of the Federal Deposit Insurance Corporation (FDIC). At times, cash and cash equivalents exceeded the insured limits. The Organization has not experienced any losses in these accounts. The Organization's management believes the Organization is not exposed to any significant credit risk on its operating cash.

Property and Equipment and Depreciation

Property and equipment are recorded at cost when purchased or at fair value at the time of donation. Renewals and betterments are capitalized, while repairs and maintenance are expensed as they are incurred (see Note 5).

Depreciation of property and equipment is computed using the straight-line method over the following estimated useful lives:

Computer equipment	3 years
Office furniture and equipment	3 - 7 years
Leasehold improvements	Term of lease
Software	3 years

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements

ASC Topic, *Fair Value Measurements*, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The standards establish a fair value hierarchy that prioritizes the inputs and assumptions used to measure fair value.

The three levels of the fair value hierarchy are as follows:

- Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date. Instruments which are generally included in this category include equity and debt securities publicly traded on an exchange.
- Level 2 – Inputs other than quoted prices in active markets that are observable for the asset either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 – Inputs that are unobservable and which require significant judgment or estimation.

An asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. All qualifying assets and liabilities are valued using Level 1 inputs.

Investments and Spending Policy

The Organization records its investments at fair value using Level 1 inputs (see above). Interest and dividends are recorded when earned. Gains and losses are recognized as incurred or based on fair value changes during the year (see Note 6).

The Organization adheres to the Uniform Prudent Management of Institutional Funds Act (UPMIFA). Subject to the intent of a donor, an institution may appropriate for expenditure or accumulate so much of a permanently restricted endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the permanently restricted endowment fund is established. The assets in a permanently restricted endowment fund are donor-restricted assets until appropriated for expenditure by the Organization.

The Organization has adopted investment and spending policies for endowment assets and Board designated net assets (see Note 3) that aim to provide a level of support for the Organization and its programs, while maintaining or enhancing the purchasing power of the endowment in accordance with UPMIFA. Under the investment policy, the endowment assets are invested to provide a competitive total rate of return commensurate with prudent diversification and moderate risk. Risk and diversification parameters have been established and the endowment is maintained and rebalanced accordingly, if necessary. The Organization relies on a total rate of return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current income (interest and dividends). While it is understood that the endowment assets are to be managed with a long-term focus, a benchmark hypothetical portfolio has been established to monitor performance on a quarterly basis.

THE CELEBRITY SERIES OF BOSTON, INC.

Notes to Financial Statements
June 30, 2015 and 2014

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments and Spending Policy (Continued)

The Organization has a policy of appropriating for operations each year 5% of the rolling average of the prior twelve quarter-end fair values ending March of the fiscal year in which the distribution is planned (see Note 4). In establishing this policy, the Organization considered the expected returns plus an adjustment for inflation. This is consistent with the stated goal of enhancing the purchasing power of the endowment over time, while providing necessary funds for operations. In the event of a significant market decline, the Organization will consider all factors relevant to the stated goal in determining any change to the appropriation as allowed by UPMIFA.

Revenue Recognition

Ticket sales and related revenue are recognized in the period in which the related performances are given. The receipt of subscription fees and sales of tickets for the following year's performances are recorded as advance ticket subscriptions as a current liability in the accompanying statements of financial position. Unrestricted grants and contributions are recognized when unconditionally pledged or received. All other revenue is recorded when earned.

Gifts of cash and other assets are reported as temporarily or permanently restricted support and net assets, if they are received with donor stipulations that limit the use of the donated assets. When a donor stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying statements of activities and changes in net assets as net assets released from restrictions. Donor restricted grants and contributions received and satisfied in the same period are included in unrestricted net assets.

In-Kind Contributions

The Organization receives services of many volunteers in various aspects of its programs. The value of these services is not reflected in the accompanying financial statements, since the value assigned to these services by the donating volunteers is not ascertainable and does not meet the criteria for recognition of *Accounting for Contributions Received and Contributions Made* standards.

Expense Allocations

Expenses related directly to a program are distributed to that program, while other expenses are allocated to programs based upon management's estimate.

Advertising

Generally, event advertising costs are expensed in the year of the related performances. The Organization incurred approximately \$454,000 and \$570,000 of event advertising costs in fiscal years 2015 and 2014, respectively.

Special Events

Special events are reported net of direct costs of \$303,032 and \$272,498 for the years ended June 30, 2015 and 2014, respectively, in the accompanying financial statements.

THE CELEBRITY SERIES OF BOSTON, INC.

Notes to Financial Statements
June 30, 2015 and 2014

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Ticket Sales

Ticket sales of \$3,593,297 and \$3,785,521 are reported net of direct costs (credit card charges and restoration fees) of \$272,195 and \$275,078 for the years ended June 30, 2015 and 2014, respectively, in the accompanying financial statements.

Allowance for Doubtful Pledges and Other Receivables

Allowance for doubtful pledges and other receivables is recorded based on management's review of pledges and other receivables and their estimate of amounts that may become uncollectible in accordance with the Organization's policy. Amounts are written off as they are determined to be uncollectible. There was no allowance for doubtful pledges and other receivables or discount on pledges deemed necessary at June 30, 2015 and 2014.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Organization accounts for uncertainty in income taxes in accordance with ASC Topic *Income Taxes*. This standard clarifies the accounting for uncertainty in tax positions and prescribes a recognition threshold and measurement attribute for the financial statements regarding a tax position taken or expected to be taken in a tax return. The Organization has determined that there are no uncertain tax positions which qualify for either recognition or disclosure in the financial statements at June 30, 2015 and 2014. The Organization's information returns are subject to examination by the Federal and state jurisdictions and generally remain open for the most recent three years.

Income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income in both the Federal and Massachusetts jurisdictions. There was no taxable net income from these activities for the years ended June 30, 2015 and 2014.

Subsequent Events

Subsequent events have been evaluated through September 29, 2015, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements as of June 30, 2015, except as noted in Notes 6 and 12.

3. NET ASSETS

Unrestricted Net Assets

Unrestricted net assets are those net resources that bear no external restrictions and are generally available for use by the Organization. The Organization has grouped its unrestricted net assets into the following categories:

- **Available for operations** - represents amounts that bear no external restrictions and are currently available for operations. This includes two Board-designated funds totaling \$349,697 and \$474,334 as of June 30, 2015 and 2014, respectively, which are designated as follows:
 - **Board designated** - represents funds set aside for specific purposes. The net proceeds from a special event held for the former Executive Director were set aside to be used for purposes as approved by the Board of Directors (Innovation Fund). During fiscal years 2015 and 2014, the Board approved the use of \$107,500 and \$100,000, respectively, of this fund.
 - **Board designated working capital reserve** - represents funds set aside by the Board of Directors to be used for working capital with Board approval.
 - Under its investments and spending policy (see Note 2), the Organization appropriated \$17,696 and \$25,977 of Board designated funds to be used for operations during fiscal years 2015 and 2014, respectively.
- **Property and equipment** - represent the net book value of the Organization's property and equipment.

Temporarily Restricted Net Assets

The Organization receives contributions and grants that are designated by donors for specific time periods or purposes. These contributions are recorded as temporarily restricted net assets until they are expended for their designated purposes or as time restrictions expire. Temporarily restricted net assets also include unspent appreciation on permanently restricted net assets in accordance with the Organization's spending policy.

Temporarily restricted net assets consist of the following at June 30:

	<u>2015</u>	<u>2014</u>
Accumulated unspent appreciation on permanently restricted funds	\$ 1,126,249	\$ 1,401,951

	<u>\$ 2,403,939</u>	<u>\$ 2,539,617</u>

Temporarily restricted net assets released from restrictions of \$847,648 and \$1,331,402 during fiscal years 2015 and 2014, respectively, were based on the satisfaction of time restrictions for future seasons.

4. ENDOWMENTS (Continued)

In accordance with U.S. GAAP, losses on investments of a donor restricted endowment reduce temporarily restricted net assets to the extent of net accumulated appreciation on these funds. Any remaining losses reduce unrestricted net assets. Future gains, if any, that restore the assets of the endowment fund to the original level will increase unrestricted net assets.

The Organization appropriated \$272,304 and \$254,023 of temporarily restricted appreciation on permanently restricted net assets during fiscal years 2015 and 2014, respectively, to be used for operations in accordance with its investments and spending policy (see Note 2).
