

HOSPITALITY TRAINING

Social Return on Investment (SROI)

Room Attendant Training Program

- Government Savings from other Social Services
- Government Savings from MassHealth
- Additional Contributions to Society

Additional Contributions to Society:

Additional Tax Revenue Generated: State, local, and federal taxes. Total tax rate calculated as percentage of annual salary based on household income for participant. Ranges from 10.5% of total income to 24.3%.

Government Savings from MassHealth:

Medicaid health insurance coverage: Calculation based on family size and household income to first determine eligibility. Cost to provide program based on MA average.

Government Savings from other Social Services:

Food Stamps was the only other social service that program participants indicated that they received. Cost to provide service based on MA average.
