People Making a Difference® (PMD) promotes informed and responsible volunteerism by engaging individuals in meaningful, hands-on work that meets real needs and by helping select businesses and charities develop their own successful volunteer programs.

- Since 1992, 9,300+ people have volunteered for 1,285+ one-day PMD service projects, helping 142 charities in Greater Boston.
- PMD service projects bring people together to make a difference safely, productively, and enjoyably.
- PMD service projects produce tangible results through experienced volunteer management, contributed resources, and respect for and conservation of recipients' limited resources.
- PMD volunteers learn about the recipient charities and their clients as well as broader issues.
