1. ORGANIZATION AND NATURE OF ACTIVITIES

All Dorchester Sports League (the Organization) provides year round sports programs for Dorchester youth. The Organization was formed in 1982 in response to race-related violence in the community, with the goal of breaking down racial barriers through sports. The sports programs include baseball, basketball, soccer, weight training/conditioning, track and field, summer day camp and college counseling programs. Through these programs the Organization's goals are to build self-esteem, learn life skills, breakdown stereotypes, develop friendships, reset peer pressure and learn the value of community.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of the Organization have been prepared on the accrual basis. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Classification and Reporting of Net Assets

The Organization has adopted Statement of Financial Accounting Standards ("SFAS") No. 116, "Accounting for Contributions Received and Made", and SFAS No. 117, "Financial Statements of Not-for-Profit Organizations". SFAS No. 117 establishes standards for external financial reporting purposes into three net asset categories according to donor-imposed restrictions. SFAS No. 116 requires that unconditional promises to give (pledges) be recorded on the books of the Organization and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. A description of the three net asset categories is as follows:

- Unrestricted net assets represent the portion of net assets of the Organization that is neither permanently restricted nor temporarily restricted by donor-imposed stipulations. Unrestricted net assets include expendable funds available for support of the Organization.
- Temporarily restricted net assets represent contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. At September 30, 2010, there were no temporarily restricted net assets.

2. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)*

- Permanently restricted net assets represent contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. At September 30, 2010, there were no permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets by fulfillment of the donor-stipulated purpose or by passage of the stipulated time period are reported as reclassifications between the applicable classes of net assets.

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, at the time when the conditions on which they depend are substantially met. Contributions of assets other than cash are reported at their estimated fair value.

Contributions received with donor-imposed restrictions that are met in the same year as received are reported as revenues of the temporarily restricted net asset class, and a reclassification to unrestricted net assets is made to reflect the expiration of such restrictions.

Restrictions and Limitations on Net Assets

Temporarily restricted net assets include unexpended contributions temporarily restricted by donors for various programs.
