1. ORGANIZATION AND NATURE OF ACTIVITIES

All Dorchester Sports League, Inc. (the Organization) provides year round sports programs for Dorchester youth. The Organization was formed in 1982 in response to race-related violence in the community, with the goal of breaking down racial barriers through sports. The sports programs include baseball, basketball, soccer, weight training/conditioning, track and field, summer day camp and college counseling programs. Through these programs the Organization's goals are to build self-esteem, learn life skills, breakdown stereotypes, develop friendships, reset peer pressure and learn the value of community.

Nonprofit Status — The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Contributions made to the Organization may be deducted as provided in the Internal Revenue Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The organization prepares its financial statements on the accrual basis in accordance with accounting principles generally accepted in the United States of America. Revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Basis of Presentation

The accompanying financial statements include the assets, liabilities, and net assets of the Organization. Under FASB ASC 958-205-05-6, the Organization is required to report information regarding its financial position and activities according to three classes of net assets based on the existence or absence of donor imposed restrictions and the nature of those restrictions: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Organization is required to present a statement of cash flows.

A description of the three net asset categories is as follows:

- Unrestricted net assets represent the portion of net assets of the Organization that is neither permanently restricted nor temporarily restricted by donor-imposed stipulations. Unrestricted net assets include expendable funds available for support of the Organization.
- Temporarily restricted net assets represent contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. At June 30, 2016 there were no temporarily restricted net assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- Permanently restricted net assets represent contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. At June 30, 2016, there were no permanently restricted net assets.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and highly liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments. The Organization has no cash equivalents at June 30, 2016. For purposes of the Statement of Cash Flows, cash consists of cash in checking and savings accounts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. They also impact the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

All Dorchester Sports League is a not-for-profit organization that is exempt from federal and state income taxes under Internal Revenue Code Section 501(c) (3) and, therefore has made no provision for federal income taxes in the accompanying financial statements. In addition, the Organization has been determined not to be a private foundation under Section 509(a) of the Code.

The Organization's policy is to record interest expense and penalties assessed by the taxing authorities in general and administrative expenses. For the year ended June 30, 2016 there was no interest or penalties expense recorded and no accrued interest and penalties.

The Organization's federal and state tax returns are open for examination for the years ended June 30, 2016, 2015 and 2014.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support when received, depending on the existence or nature of donor restrictions. Promises to give are recorded as temporarily restricted net assets until collected. When a restriction has been met or expires, temporarily restricted net assets are reclassified to

unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributions of assets other than cash are recorded at their estimated market value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for uncollectible contributions received is provided based upon management's judgment of potential defaults. The determination includes such factors as prior collection history, type of contribution, and the nature of the fund raising activity.

Contributions of land, buildings, and equipment without donor stipulations concerning the use of such long-lived assets are reported as revenue of the unrestricted net asset class. Contributions of cash or other assets to be used to acquire land, buildings, and equipment with such donor stipulations are reported as revenues of the temporarily restricted net asset class; the restrictions are considered to be released at the same time of acquisition of such long-lived assets.

Revenue Recognition

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets by fulfillment of the donor-stipulated purposes or by passage of the stipulated time period are reported as reclassifications between the applicable classes of net assets.

Restrictions and Limitations on Net Assets

Temporarily restricted net assets include unexpended contributions temporarily restricted by donors for various programs.

Furniture and Equipment

Furniture and Equipment are capitalized at cost or fair market value if donated, less accumulated depreciation and amortization. Furniture and equipment are being depreciated over estimated useful lives of five to seven years using a straight-line method.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The major classes of property and equipment and their service lives used in computing depreciation are as follows:

	<u>Cost or Basis</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>
Office Equipment	<u>\$ 4,154</u>	<u>\$ 4,154</u>	<u>\$ -</u>

Functional Expenses

The Organization allocates its expenses on a functional basis among its various programs. Expenses that can be identified with a specific program are allocated directly according to their natural expense classification.

Subsequent Events

The Organization has evaluated all subsequent events through December 30, 2016, the date the financial statements were available to be issued.

3. CITY FINANCIAL ASSISTANCE

The Organization has been awarded a grant from the City of Boston to ensure that the Organization continually provides for the year round sports programs for Dorchester youth. The grant is classified as temporarily restricted net asset due to the donor stipulations. The grant is released from donor restrictions by incurring expenses satisfying the purpose specified by donor. For the year ended June 30, 2016 grant receipts and related grant expenditures amounted to \$44,203 respectively.

These services do not meet the criteria for recognition as contributed services. The Organization receives more than 2,500 volunteer hours per year.

5. CONCENTRATION OF CREDIT RISK:

The Organization maintains its cash balances in one financial institution located in Boston, Massachusetts. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000.
