Review Report

To the Board of Directors of
The Art Connection, Inc.
Boston, Massachusetts

I have reviewed the accompanying statements of financial position of the Art Connection, Inc., as of June 30, 2010 and 2009, and the related statements of activities and cash flows for the years then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of management of the Art Connection, Inc.

A review consists principally of inquiries of Organization personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

THE ART CONNECTION, INC.
(A NOT-FOR-PROFIT ORGANIZATION)
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2010 AND 2009

1. Organization:

The Art Connection, Inc. (the "Organization") was founded in 1995 to promote and achieve the placement of art works in social service and other non-profit organizations, principally in eastern Massachusetts.

2. Significant accounting policies:

Method of accounting:

The accompanying financial statements are prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of presentation:

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations. Under SFAS No. 117, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Tax status:

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes is reflected in the accompanying financial statements.

Revenue recognition:

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Temporarily restricted net assets whose restrictions are completely met within the year of receipt are recognized as unrestricted support.

Cash and cash equivalents:

The Organization considers all short-term investments with an original maturity of three months or less to be cash equivalents. During the year, the Organization's cash in bank balances exceeded the federally insured limits. At June 30, 2010 and June 30, 2009, the Organization had no uninsured cash balances.

Contributed services:

The organization receives a substantial amount of services donated by Board and other volunteers. No amounts have been reflected in these financial statements for those services since they do not meet the criteria for recognition under SFAS No. 116, Accounting for Contributions Received and Contributions Made.

2. Significant accounting policies - continued:

Investment securities:

Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from the estimates.

Functional allocation of expenses:

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

Depreciation:

Furniture and fixtures are recorded at cost and depreciation is provided over estimated useful lives of five and seven years on a straight-line basis.

3. Temporarily restricted net assets:

At June 30 2010 and June 30, 2009, there were no temporarily restricted net assets.
