INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors
United Nations Association of Greater Boston

I have reviewed the accompanying statement of assets, liabilities and net assets -- cash basis of United Nations Association of Greater Boston (a nonprofit organization) as of December 31, 2010 and the related statements of revenues, expenses and other changes in net assets and functional expenses - cash basis for the year then ended. A review includes primarily applying analytical financial procedures to management's financial data and making inquiries of the Organization's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

My responsibility is to conduct the review in accordance with Statements for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those statements require me to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. I believe that the results of my procedures provide a reasonable basis for my report.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with the cash basis of accounting, as described in Note 1.

Note 2. Operating Lease Commitments:

The organization leases office space under a three year lease which expires on May 31, 2014. The lease also gives the Organization an option to extend the lease for an additional two years until May 31, 2016.

The following is a schedule of future minimum payments required under the lease:

2011	\$ 12,500
2012	30,000
2013	30,000
2014	<u>12,500</u>
	<u>\$ 85,000</u>

A member of the Board of Directors serves as Executive Director of the Organization. During 2010, \$69,792 was paid in salary and benefits to that individual.

Also, a Board member is employed by Merrill Lynch, the investment management company for the Organization's investment portfolio.

Note 4. Investments - Fair Value Measurements:

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Organization has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Note 4 (continued)

Level 3 inputs are unobservable inputs for the asset or liability.

The level within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Organization's entire portfolio falls into level 1 and at December 31, 2010, investments were composed of the following:

	<u>Cost</u>	<u>Market</u>
Stocks	\$ 98,402	\$104,838
Mutual funds	380,237	388,054
Cash and others	<u>41,571</u>	<u>41,571</u>
Totals	<u>\$520,210</u>	<u>\$534,463</u>

Note 5. Subsequent Events:

The Organization evaluated subsequent events through July 9, 2011, the date of financial statement issuance.
